Tuition Payment and Tuition Assistance Update:

Thanks to all of you who have faithfully made your payments this year. Just a reminder, no transcripts or grades will be provided if tuition has not been paid off in full.

PLEASE NOTE: If you plan to apply for financial assistance please do so by the end of May as we will be issuing Tuition contracts in June. Computers are available at the admin office from 8:00am - 3:30pm for completing the online application.

As a reminder, the tuition assistance application has moved on line through FACTS. Going forward, FACTS will be used to apply for tuition assistance, and to arrange your automatic payment plans.

The tuition assistance application for 2017-2018 is online through FACTS.

1. Go to the RCS website/Admissions to FACTS apply online (there is a $30 application fee and you will need to download your 1040 and W-2’s).
2. You will receive your tuition contract within a few weeks, please sign and return as soon as possible.
3. Sign back into FACTS and set up an automatic payment plan as tuition payments are to be made through FACTS.

For the families who have applied for tuition assistance through FACTS, we will begin to send out your tuition contract soon. In June, we will begin to send out full payment tuition contracts for families who have not applied on FACTS for tuition assistance. Once you have received your tuition contract please sign back into FACTS to set up a payment plan.

Please contact me if you have questions, or stop by the Administration building with a copy of your 1040 and W2, and Dorann can help you with scanning these forms for you to submit with the FACTS Tuition Assistance program.

Thanks, Jim DeMol

ACKNOWLEDGEMENT OF RISKS
AGREEMENT OF RELEASE

Acknowledgement of Risk
In consideration of the services of Rehoboth Christian School, its agents, employees, trustees, officers, contractors and all other persons or entities associated with it (collectively referred to as “RCS”) in courses including but not limited to the Destination Rehoboth program, the ropes course, climbing program, I agree as follows:

Although RCS has taken reasonable steps to provide me with appropriate equipment and skilled staff for the course so I can enjoy an activity for which I may not be skilled, I acknowledge that the activity has risks inherent in the activity. The same elements that contribute to the unique character of the activity can cause accidental injury, illness, or in extreme cases permanent trauma, disability or death. I acknowledge that my own lack of skill and experience increases the risk I face. I understand that this is not meant to frighten or reduce my enthusiasm but that it is important for me to know in advance the inherent risks. The following describes some, but not all of these risks:

• Living, camping, and travel out of doors, where participants are subject to numerous risks environmental and otherwise. Activities vary from backpacking, rappelling, mountaineering, climbing, snowfields and rock cliffs, kayaking, rafting, canoeing, skiing, fishing, and caving.
• Courses may occur in remote places distant from medical facilities. Communication and transportation are difficult and medical care and evacuation may significantly delayed.
• Ropes course where participants are involved in initiatives 30-35 feet off the ground. Climbing where participants also are off the ground a considerable distance, however, always on belay.
• Other risks include insects, snakes, cold water, open fires and stoves, and other environmental conditions such as snow, rain, cold, heat, etc.
• Decision, are made by instructors and students in wilderness settings, based on variety of perceptions and evaluations which have to be made but may by nature be imprecise and subject to error. Students are responsible for their own safety throughout the courses we offer as a part of their own responsibility taking.

My participation in this activity is purely voluntary and I elect to participate with full knowledge of the inherent risks. I agree to assume responsibility for these inherent risks both those identified and those not specifically identified. I understand that the description above of these risks is not complete and there are other unanticipated risks. Therefore, I and my parents, if I am a minor, assume and accept full responsibility for me for injury, death and loss of personal property and expenses that may result from the inherent risks and dangers identified herein and those not specifically identified.

Acknowledgement of Release
Except with respect to injury or loss that occurs on public lands whose rules and regulations prohibit my doing so, I acknowledge and assume all risks of the course, known and unknown, inherent or otherwise. I release and discharge, and agree to defend and indemnify the RCS, its agents, employees, trustees, officers, contractors, and all other persons or entities associated with (collectively referred to as "RCS") from all claims and liability for any loss or damage in any way connected with my participation in this course, This includes loss damage claimed to be caused by the negligence of RCS. I also agree to protect and indemnify RCS from claims or loss or injury to persons attempting to rescue me. I understand that in signing this document I surrender my right to make a claim or tile a lawsuit against RCS for Personal injury or property damage, wrongful death, or otherwise, except
in cases of intentional wrongs or gross negligence.

I further agree that if I have a legal dispute with RCS, that the means for settling this dispute will be first, discussion between parties, second through mediation before a mutually acceptable mediator recognized by New Mexico courts qualified to mediate, or as a last resort, through a binding arbitration through the American Arbitration Association or New Mexico. I also agree to pay all costs and attorney's fees incurred by RCS in defending a claim or suit, if withdrawn by me or if determined RCS is not responsible for the injury or loss.
