

2023-2024 Athletic Packet

(Grades 6 - 12)

Name of Student :	Grade:
This packet contains not only the sports physical pac ByLaw 6.15) but also Rehoboth Christian School for	`
One packet must be filled out for each child and will	cover a whole year.
The athletic packet contains the following:	
 □ Athletic Packet Information Sheet □ Athletic Conduct □ Permission to Participate & Assumption of Risk □ Student Transportation Consent Form (if applicable) □ Emergency Information 	 Medical History Form (2 pages) Physical Examination Form These 2 forms can only be released to RCS if parent/guardian provides written permission Medical Eligibility Form Consent to Treat Form Concussion in Sports (2 pages)
When does it need to be completed?	

Packets must be filled out prior to the first day of practice. If it is not completed, students will not be allowed to practice or participate. Due dates for physicals:

- Fall Sports August 8
- Winter Sports November 14
- Spring Sports Feb 13

Where do I bring it when it is completed?

Two options to return entire packet:

- 1. Return to the Administration Building. Please be sure to make a copy for your records.
- 2. By email to: adminsec@rcsnm.org

Note: If your athletic packet is incomplete, it will be returned.

What about the physical?

The physical examination form is contained in this packet however, only the Medical Eligibility Form is returned to the school. It must be completed **after April 1, 2023**. Please return the physical form with the completed packet.

Student Transportation Consent Form

(For students with a driver's license)

Situations may arise when it is prudent or even necessary for a student to transport himself in a personally owned vehicle to a local destination. In situations where the student's activities are being supervised by Rehoboth staff or another adult, students may transport themselves provided:

- 1. The student has a valid driver's license.
- 2. The vehicle being used has adequate insurance coverage.
- 3. The supervisor has given permission for the student to drive.
- 4. The parent or guardian has previously given permission for the student to drive by completing a Student Transportation Consent Form.

The supervisor shall have the responsibility to verify the first, second, and fourth items listed above. If any one of

NMAA PRE-PARTICIPATION EVALUATION (PPE) PACKET

In accordance with New Mexico Activities Association Bylaw 6.15, the following sports physical packet must be used for all pre-participation examinations.

PURPOSE

The PPE is designed to screen for injuries, illnesses, or other factors that increase an athlete's risk for injury or illness. Experts in the field of athletic training, sports medicine, orthopaedics, family medicine, pediatrics, and osteopathics agree that the identification of predisposing factors that threaten one's safety are vital to participation in sport and will serve to improve the health and safety of athletes and active individuals.

The NMAA employs the use of the Preparticipation Physical Evaluation (PPE) Monograph, 5th Edition. The PPE Monograph was developed by the American Academy of Family Physicians, American Academy of Pediatrics, American College of Sports Medicine, American Medical Society for Sports Medicine, American Orthopaedic Society for Sports Medicine and the American Osteopathic Academy of Sports Medicine. It is also endorsed by the National Athletic Trainers' Association and the National Federation of State High School Associations. The NMAA Sports Medicine Advisory Committee also endorses the use of the 5th PPE Monograph.

NMAA PPE REQUIRED FORMS

		Completed
✓	Emergency Information (parent/guardian)	
✓	*Medical History (parent/guardian)	
✓	*Physical Examination (HCP)	
✓	Medical Eligibility (HCP)	
✓	Consent to Treat (parent/guardian)	
✓	Concussion Awareness (parent/guardian/student)	

*Medical History and Physical Examination forms should remain with the parent/guardian and/or health care provider, unless parent/guardian provides written authorization to release the forms to the school.

FOR PARENTS

- ✓ The **Medical History** form should be filled out jointly with your son or daughter prior to the appointment.
- ✓ Please pay special attention to the "Heart Health Questions" listed on the Medical History form.
- ✓ The Medical History and Physical Examination forms should remain with you and/or your health care provider unless written authorization is provided to release this information to the school.
- ✓ Return all other forms to the school. No forms need to be returned to the New Mexico Activities Association.

FOR SCHOOLS

- ✓ Schools should collect Emergency Information, Medical Eligibility, Consent to Treat, and Concussion Awareness forms
- ✓ The Medical History and Physical Examination forms should NOT be collected unless written authorization is received from the parent/guardian.

NOTES FOR APPROVED HCP

- Healthcare providers should review Medical History prior to evaluation and retain a copy in the medical file.
- ✓ Healthcare providers should complete and sign the Physical Examination and Medical Eligibility forms.
- Medical Eligibility form should be returned to the parent/guardian to submit to the school.
- ✓ Medical History and Physical Examination forms should be returned to the parent/guardian to secure.
- ✓ American Academy of Pediatrics Cardiac Screening Guidance:
 - Primary care providers should be aware of features of the clinical history, family history and physical examination suggestive of a risk for SCA/SCD.
 - A thorough history, family history and physical examination are necessary to begin assessing for SCA/SCD risk.
 - The ECG should be the first test ordered when there is concern for SCA risk. It should be interpreted by a medical provider trained in recognizing electrical heart disease.
 - Survivors of SCA and family members of those with SCA or SCD should have a thorough evaluation to assess for a
 potential genetic etiology.

EMERGENCY INFORMATION

(Parent/Guardian, please fill out prior to examination)

NEW MEXICO ACTIVITIES ASSOCIATION

6600 PALOMAS AVE. NE ALBUQUERQUE, NM 87109 PHONE: 505-923-3110 FAX: 505-923-3114

CONSENT TO TREAT FORM

PLEASE PRINT LEGIBLY OR TYPE

Parental consent for minor athletes is generally required for sports medicine services, defined as services including, but not limited to, evaluation, diagnosis, first aid and emergency care, stabilization, treatment, rehabilitation and referral of injuries and illnesses, along with decisions on return to play after injury or illness. Occasionally, those minor athletes require sports medicine services before, during and after their participation in sport-related activities, and under circumstances in which a parent or legal guardian is not immediately available to provide consent pertaining to the specific condition affecting the athlete. In such instances, it may be imperative to the health and safety of those athletes that sports medicine services necessary to prevent harm be provided immediately, and not be withheld or delayed because of problems obtaining consent of a parent/guardian.

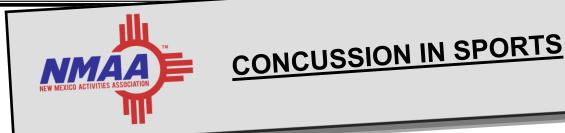

Accordingly, as a member of the New Mexico Activities Association (NMAA), (name of school or district) requires as a pre-condition of participation in interscholastic activities, that a parent/guardian provide written consent to the rendering of necessary sports medicine services to their minor athlete by a qualified medical provider (QMP) employed or otherwise designated by the school/district/NMAA, to the extent the QMP deems necessary to prevent harm to the student/athlete. It is understood that a QMP may be an athletic trainer, medical/osteopathic physician, physician assistant or nurse practitioner licensed by the state of New Mexico (or the state in which the student/athlete is located at the time the injury/illness occurs), and who is acting in accordance with the scope of practice under their designated state license and any other requirement imposed by New Mexico law. In emergency situations, the QMP may also be a certified paramedic or emergency medical technician, but only for the purpose of providing emergency care and transport as designated by state regulation and standing protocols, and not for the purpose of making decisions about return to play.

"I, ______ the undersigned, am the parent/legal guardian of, ______, a minor and student-athlete at ______ (name of school or district) who intends to participate in interscholastic sports and/or activities.

I understand that the school/district/NMAA may employ or designate QMP's (as defined above) to provide sports medicine services (as also defined above) to the school's interscholastic athletes before, during or after sport-related activities, and that on certain occasions there are sport-related activities conducted away from the school/district facilities during which other QMP's are responsible for providing such sports medicine services. I hereby give consent to any such QMP to provide any such sports medicine services to the above-named minor. The QMP may make decisions on return to play in accordance with the defined scope of practice under the designated state license, except as otherwise limited by New Mexico law. I also understand that documentation pertaining to any sports medicine services provided to the above-named minor, may be maintained by the QMP. I hereby authorize the QMP who provides such services to the above-named minor to disclose such information about the athlete's injury/illness, assessment, condition, treatment, rehabilitation and return to play status to those who, in the professional judgment of the QMP, are required to have such information in order to assure optimum treatment for and recovery from the injury/illness, and to protect the health and safety of the minor. I understand such disclosures may be made to above-named minor's coaches, athletic director, school nurse, any classroom teacher required to provide academic accommodation to assure the student-athlete's recovery and safe return to activity, and any treating QMP.

If the parent believes that the minor is in need of further treatment or rehabilitation services for the injury/illness, the minor may be treated by the physician or provider of his/her choice. I understand, however, that all decisions regarding same day return to activity following injury/illness shall be made by the QMP employed/designated by the school/district/NMAA."

A Fact Sheet for Athletes and Parents

WHAT IS A CONCUSSION?

A concussion is an injury that changes how the cells in the brain normally work. A concussion is caused by a blow to the head or body that causes the brain to move rapidly inside the skull. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. Concussions can also result from a fall or from players colliding with each other or with obstacles, such as a goalpost.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Observed by the Athlete

Headache or "pressure" in head

- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not "feel right"

Observed by the Parent / Guardian

- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events after hit or fall
- Appears dazed or stunned

WHAT TO DO IF SIGNS/SYMPTOMS OF A CONCUSSION ARE

Athlete

- TELL YOUR COACH IMMEDIATELY!
- Inform Parents
- Seek Medical Attention
- Give Yourself Time to Recover

Parent / Guardian

- Seek Medical Attention
- Keep Your Child Out of Play
- Discuss Plan to Return with the Coach

It's better to miss one game than the whole season.

Give yourself time to get better. If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

RETURN TO PLAY GUIDELINES UNDER SB38

- 1. Remove immediately from activity when signs/symptoms are present.
- 2. Must not return to full activity prior to a minimum of 240 hours (10 days).
- 3. Release from medical professional required for return.
- 4. Follow school district's return to play guidelines.
- 5. Coaches continue to monitor for signs/symptoms once athletes return to activity.

Students need cognitive rest from the classroom, texting, cell phones, etc.

SIGNATURES

By signing below, parent/guardian and athlete acknowledge the following:

- Both have received and reviewed the attached NMAA's Concussion in Sports Fact Sheet for Athletes and Parents.
- Both understand the risks of brain injuries associated with participation in school athletic activity, and are aware of the State of the New Mexico's Senate Bill 38; Concussion Law.
- Athlete has received brain injury training pursuant to Senate Bill 38.
