

Monthly Update

JUNE 2026

Dear Friends,

The school year has officially ended, but Rehoboth still buzzes with action during the summer months. Summer school classes and June camp keep many of our K-12 students learning during the first three weeks of June. On weekends, our gyms echo with squeaky shoes during community basketball tournaments. A steady stream of volunteer groups check in and out of the dorms and apartments each week as they share their time and talents on campus or in the surrounding areas. Later in July, 170 teens from around the country will join their church youth leaders for our annual Destination Rehoboth week of service and spiritual growth.

In each of those activities, we welcome people into the Rehoboth community. We love connecting these many visitors to all the beauty and richness our school has to offer, and we do the same with prospective students and families over these summer months. When they tour campus, take a placement test, or interview for admission, we get a front row seat to their hopes and dreams for the future—along with the doubts and fears they have about the year ahead. We cherish those conversations and recognize the responsibility of stepping into those moments of vulnerability with open arms.

We work hard at welcoming.

And we see examples of that posture in our students too. Nanu Thompson just completed 5th grade at Rehoboth, and she impacts her classmates by going out of her way to make sure they know how loved they are—by God and by their friends. That kind of warmth and welcome starts to permeate the student body, inspiring others to join in.

Those moments help us see the big picture of what the Lord is accomplishing at Rehoboth. He's bringing us passionate, dedicated people to join in our work. He's shaping the hearts of our youngest students. And He's inspiring our older learners to consider what's next—assuring them that they do not leave Rehoboth without His guidance on their chosen path.

Behind it all lies a network of support woven from your daily gifts, prayers, and volunteer presence. We simply could not do this without you, and as we close out another school year, I want to thank you on behalf of our entire Rehoboth team. You matter in our lives, and you inspire us to give our very best. I look forward to continuing to do God's Kingdom work with you in the years ahead.

Together, Dan Meester
Executive Director

Student Highlights

- Rehoboth graduated its largest senior class in over a decade, with 51 students. The gym was packed, the weather was wonderful, and it was a treat to see all the joy on the faces of students and families.
- Congratulations to outgoing K-8 principal, Tara De Young, on being named the new head of the teacher education program at the Gallup branch of the University of New Mexico.
- At the state track meet, the Rehoboth girls team placed 4th overall, winning multiple 1st place medals in both individual and relay events and setting several school records along the way.

How Can You Pray For Us?

- Join us in thanks that all but one of our open staff positions for next year have been filled with amazing people, clearly orchestrated by the Lord.
- As we continue to work with inquiring families who want their children at Rehoboth next year, please pray that God will stir the hearts of students and parents or grandparents who would benefit from Christian education.
- Many of our faculty travel thousands of miles over the summer to visit family and friends. Pray for their safety on the road or in the skies, and ask the Lord to refill their tanks with energy and enthusiasm for the year to come.

CURRENT NEEDS

• STUDENT SUPPORT

26-27 Need: \$2,443,500

We are grateful for the generous gifts we have received throughout this school year for tuition assistance and SALT program funding. Our funding needs for the current year have been met. Thank you! On July 1, we will begin the new year with a funding need for tuition assistance and SALT totalling \$2,443,500. Please consider planning a gift later in the summer months so we can have a great start to the year!

• SALT PROGRAM

26-27 Need: \$428, 886

For the 2026-2027 school year, the financial need for our SALT Program is \$428,886. Families across our community turn to Rehoboth because of the incredible care and expertise of our SALT staff—helping students thrive when they need extra support. We ask for your continued support of this program so we can ensure every child receives the attention they deserve throughout the 2026–27 school year.

• PROJECT UPDATES

Our Phase #2 Solar projects are fully funded and the solar contractor is planning to begin installation in mid-June. We received an updated construction budget for the Kuipers Gym Project, and our team is working with the contractor on alternative plans to provide for the needs and priorities of Kuipers Gym and Track/Soccer facilities.
