## Table Talk

Dan Meester | Executive Director

Last Friday, we hosted the annual David Charles Memorial Cross Country Meet here at Rehoboth. That event is one of my favorite things we do—not because I get to use fun equipment like the boom lift and ride way up high in the air (although, I’m not gonna lie, that’s pretty awesome). And it’s not only because it’s a chance for us to demonstrate unreasonable hospitality to visitors.

There’s just something special about cross country meets.

You never hear people cheering *against* anyone at a cross country meet. There’s no, “Hey number 472! My grandma runs faster than you!” or “You’re gonna trip, Kirtland! Who do you think you are, passing my daughter like that!”

Instead, you only hear uplifting encouragement.

“You can do it! “Keep going! You’ve got this! You’re almost there!”

As I watched the finish line from my perch in the sky, words from Hebrews chapter 12 kept running through my mind:

“Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles. And let us run with perseverance the race marked out for us, fixing our eyes on Jesus, the pioneer and perfecter of faith.

I know that for our families at Rehoboth, there is incredible value placed on the wisdom and support of our relatives—our grandparents, aunts, uncles, cousins, and extended family who love and nurture us throughout our lives. Those are the people I think of when I consider the “great cloud of witnesses” that the author of Hebrews writes about. And I imagine that teachers, classroom aides, administrators, coaches, and everyone else who is part of the Rehoboth staff are pushing their way up to the race boundary to add their cheers of encouragement and praise to our young people as they run their races..

There’s a cloud of witnesses who care deeply about Rehoboth—our work here and its impact on your children. Draw strength from them as we “run with perseverance the race marked out for us.” And let us commit to throwing off the things that entangle or distract us from our important jobs as partners in the education of our children. With that approach and the Lord’s help, there’s no course we can’t conquer.

Together,

Dan Meester, Executive Director

## **Toolbox Thursday**

Today we read a book or watched a video describing a variety of breathing exercises that help us gain energy, release stress, work through anger, soothe sadness and/or settle down and rest. **Check your child (s) school folder for breathing exercises you can do at home.** -*Leanne Gillson*, Toolbox Teacher

## **Important! Transportation Changes and Check-out**

If transportation changes are necessary, please contact Val Peywa before 2:15 so that she has time to communicate with classroom teachers and students. If you are checking out your student, check-outs need to happen before 2pm, or wait until the end of the school day. On Thursdays, contact Val before 12:45 for transportation changes and 12:30 for early checkouts.

## **Student Drop-offs and Pick-ups**

Kinder to 8th Grade families please use the Gravel Loop located behind our Mid School building to drop-off and pick-up students. Please refrain from picking up your student at the Elementary Playground/Parking Area. This area is reserved for our Pre-K families who have to park and drop-off/pick-up their students at the classroom door.

You may begin dropping off your student after 7:45 am until 8:05 am. Pick-up begins at 3:05 pm until 3:20pm, and on Thursday 1:35-1:50pm. After that, please walk into the office to pick-up your student. It is helpful for the office/classroom teacher to know if you are running late. If your student is eating breakfast, you may drop them off at the Sports and Fitness Center entrance.

Lastly, please drive with caution. We want to keep our students safe. Form a single drive-up lane and pull as far ahead as you can to make room for other cars. When pulling out and driving away, double check to make sure there are no students around. If you need help, please talk to our traffic/pick-up monitor or call the office.

## **From Mr. Yazzie, our Elementary P.E. Teacher:**

Students in Grades 3, 4, and 5 will start their outdoor biking curriculum this Monday. Please make sure your child brings a water bottle to school and is wearing appropriate closed-toed shoes for riding a bike (no sandals, flip flops, or crocs).

Dear Parents and Guardians,

Something awesome is happening in your child's physical education classes at school! We're very excited to tell you that your child will be participating in one of the most exhilarating and exciting childhood experiences: riding a bike!

The CYCLE Kids program is a fun, unique program that introduces children to the necessity of leading a more active lifestyle and helps them understand how to make better food choices. Your child will learn the importance of always wearing a bike helmet and how to fit it correctly, how to use hand signals and safely ride a bike, and how easy it can be to make healthier food choices. There are benefits to literacy and language learning, the program has driven essay contests and poetry circles in academic classes, and it helps build confidence and self-esteem in a child.

Underneath the excitement of riding a bike, our mission is simple; we support the health and academic development of your child. We know good health is holistic; research has shown inactive children also suffer academically, earning lower grades than their more active peers. The CYCLE Kids program helps build a child's confidence and improves their self-esteem, which carries over to their academic work. Community leaders, police officers, teachers, and you as parents are all key players in the success of the program, providing motivation and shaping a supportive environment where students thrive.

## HOW CAN PARENTS HELP?

As part of this program, your child has been given a book, **"The Student and Parent Guide To Biking and Healthy Eating."** This book reinforces the lessons students are learning in their PhysEd class and more importantly, gives you and your child goals you can accomplish together. **We encourage you, your child, and any other family members to work together to complete these activities and hope you become a healthier, and more tightly knit family, because of them!**

We also encourage you to sign up for the **Family Hub newsletter** at [www.ckfamilyhub.org](http://www.ckfamilyhub.org) to receive monthly health and wellness tips for the whole family, including delicious recipes and suggestions for easy, fun ways to stay active, even for your family dog!

### Frequently asked questions:

**Q: Does my child need a bike to participate in this program?**

**A:** No, CYCLE Kids provides the school with the bicycles and helmets for every student to use while participating in the program.

**Q: How safe is cycling?**

**A:** Safety is our first priority. Your child will learn the importance of always wearing a helmet and using hand signals. Additionally, only 10 children will be on the bikes at one time, allowing for more individualized attention and instruction.

**Q: What nutrition lessons will my child learn?**

**A:** Nutrition lessons are focused on activities you can practice at home, as well as at school. For example, lessons include understanding portion sizes and how to balance your plate.

If you have any questions regarding the program, please contact your child's school for more information, or visit our website, [www.CYCLEKids.org](http://www.CYCLEKids.org). CYCLE Kids is very excited to be a part of your child's growth and development. We look forward to inspiring a generation of happy, healthy, and active children!

All my best,

## Gum Policy

Please remind your students that gum is not allowed at school. We have had a lot of issues already with students chewing it in class and it causes extra, unnecessary work for our custodians. Thanks in advance for your help with this!

## Eligibility

Our first ineligibility report went out this week, and will go out every Monday for the rest of the semester. A reminder that, according to the RCMS Student Handbook, students are eligible for extra-curriculars only if they have above a 2.0 GPA and are passing all of their classes. Academics come before sports! Please help us reinforce this in the minds of our students!

## After School Friday Detentions

According to the handbook, after 5 tardies in a quarter a student will receive detention, and every 3 tardies after that (8, 11, 14, etc). Students may also receive a Friday detention for minor disciplinary infractions. Dan Arendsen, our lead teacher, will communicate with the students and families of those on the list for the week.

## Upcoming Events (MS only)

- Sept 16 - MS Volleyball Home -vs- Newcomb - Games @ 5pm and 6pm
- Sept 18 - MS Volleyball Away @ Crownpoint - Games @ 5pm and 6pm
- 7th/8th NWEA Testing will begin next week (Week of Sept 9-13)
- 6th NWEA Testing will begin the week of Sept 16-20

# HABITUDES

Every Wednesday this school year Middle and High School students will start a new curriculum in their advisory groups called Habitudes. They will have chances to share and interact with their peers on a series of [core values](#), something that the culture of Rehoboth Christian School has done an excellent job of fostering for a long time. Here is a [link to the welcome overview letter](#). With a chance to coordinate school-wide, there will be more chances for intentional conversations and a chance to build up one-another in our community. Each week, we will send home a link of what the students are discussing so that you can join the discussion too!

This week Middle School discussed the value of “Self-Worth” and why it is important for each individual to recognize their own abilities and how a willingness to share those abilities with others can positively influence the community around them. A quote by Izey Victoria Odiase says,

**“The more I appreciate me, my strengths and weaknesses, the happier I become.”**

# High School Highlights

Someone asked me recently if the honeymoon period of the year/new job was still going or had it ended. In many ways I think staff, parents, and students are still showing grace as I learn and perform the duties of my new principal position, and for that I am incredibly grateful. More importantly, I think the honeymoon period of the year for many teachers and students has ended. The failing grade report has been going out for a few weeks, and this week it has grown to include several students. Sometimes when students find themselves on the failing grade report they might not know to seek what are the factors that put them on the failing grade report, and often they do not ask for assistance in the classes they are failing. Families also might feel this sense of helplessness when they see the failing grade report. I do not want anyone to have this feeling. I assure you that the same grace that has been shown to me as I navigate my new position will be shown to students; communication is the key. Please ask questions of your student's teachers and encourage them to ask questions and seek assistance too. Trust me, the staff has incredible patience for those they see are learning and putting forth effort.
